**WYETH'S SAGE AND SULPHUR HAIR REMEDY**

It is Positively Guaranteed to Restore Faded and Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

#### PROFIT BY OTHERS' EXPERIENCE

**Gray Hair Restored**  
My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. I had used all kinds of hair restorers, but nothing seemed to do me any good. I then heard of your Sage and Sulphur hair remedy. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

## ATTELL BEATS CHARLEY WHITE

MILWAUKEE, Wis., Sept. 16.—Abe Attell, champion welterweight, won a ten-round no-decision bout from Charley White of Chicago here tonight.

It was his fast work in the last two rounds that gave him the newspaper decision and until that time White had a good chance to break even with the champion.

Abe was sent against the ropes in the first but came back snelling and landed a hard left to White's face, followed by another to the stomach.

In the second round there was some fast fighting with a good exchange at long range.

White got in a hard right and left to Abe's face in the third round, but it was even up to the end and the fourth was a repetition of the third.

White holding his own in the fifth. White got to Abe's face, but his blows lacked steam and Attell got in some hard punches to Charlie's face and body. The sixth was another even break and both slowed down in the seventh. Abe had a shade in the better of the eighth. He landed one which brought blood to White's nose and sent in a rain of short arm jolts to Charlie's stomach. He devoted his time in the ninth to getting to White's face and then sent a hard left and right to the face. The champion did all of the fighting in the tenth and would have won the decision on this if nothing else.

## Secretary Wilson's Report—Over One Million Animals Condemned

Secretary Wilson's report for the year 1909 shows that out of the 55,000,000 animals inspected at government inspected packing plants, 141,000 entire carcasses and 899,000 parts of carcasses were condemned as unfit for human food, making a total of over 1,000,000 animals or about two per cent of the total amount inspected. In addition there were condemned nearly 25,000,000 pounds upon re-inspection.

This, at least, looks as if the government is trying to protect the public against diseased and unwholesome meats, and should raise the value of everything bearing the stamp "U. S. Inspected and Passed."

There is only one government inspected plant in operation in Utah. This is the plant of the Ogden Packing & Provision Co., with Ogden and Salt Lake City as its main distributing points. At this plant the government has stationed one veterinary surgeon and two meat inspectors, and the above report of the Secretary shows the thoroughness of their work.

Government inspectors are just as cheap as any other kinds of meats, and it is left with you to decide whether you want the meats out of which all diseased and unwholesome meats have been condemned, or the uninspected meats where diseased meats are not condemned.

The Ogden Packing & Provision Co. are not retailers, but their government inspected meats are handled exclusively at the meat markets listed below. Is your market listed?

Sawyer Bros., Chicago Market, Ballard & Helman, California Market, Biel & Son, Ogden Meat Co., Moulting Meat & Gro. Co., Seager Meat & Gro. Co., Wright Meat & Gro. Co.

## CERTIFICATES TO OGDEN TEACHERS

Upon examination of the completed papers of the students of the state schools, in the recent examinations, the state board of education at Salt Lake City has awarded over a hundred diplomas and certificates.

The awards include high school and grade school life diplomas, temporary high school certificates, two year normal certificates, and the state certificates.

Ogden applicants qualified for nine certificates, a generous percentage of the Ogden papers examined, but only a small number of the total awards. Those of Ogden who received the certificates follow:

High school diploma—Josephine H. Peters.

State certificate—Nellie Cline, Louise E. Peters, Mary Boulder, Van Woodcock (renewal), Mabel L. Rao Vorstenberg.

Grammar grade life diplomas—Martha L. Butler, Linda L. Irwing, Rose May Madcock.
